

## SIPSafe Fraud Protection

# SIPSafe - Protecting your Business from Phone Hacking Fraud

Telephone Fraud is now the largest source of fraud in the UK, being 4 times greater than credit card fraud and costing businesses in excess of £1.5 billion per year!

Recent cases have seen some telephone lines hacked, with fraudulent charges totalling as much as £50,000 over the course of one weekend.

Here at Network Communications Group Ltd, we would like to offer our customers the greatest level of protection in order to avoid these potential problems.

The Network Communications Group's SIPSafe Fraud Protection service will:

- **Automatically cut off any phone number with usage of £500\***

If your phone number(s) spends more than £500 in 24 hours on traffic which is not UK geographic or UK mobile, it will automatically be disconnected. Don't worry; connecting back is easily done.

- **Guarantee the charge limit on any breaches\***

If the 24 hour threshold is breached, you will not be liable for usage above £500

- **Automated notification of any disconnection**

In the event of any of your numbers being disconnected, we will send you an email to notify you that a block has been applied. We can remove the block, if required.

The monthly charge for this service will commence 1<sup>st</sup> June 2019;

Number of SIP Trunk Channels / Cloud Users	Per Month
1-5	£1.99
6-10	£3.99
11-20	£5.99
21-40	£9.99
41-60	£18.99
61-100	£29.99
100+	£39.99

Unfortunately, this fraudulent activity will continue to present itself and immediate action is necessary to prevent any of our customers becoming victims; therefore you will be billed monthly for the SIPSafe Fraud Protection Service, giving you protection from fraudulent activity.

**You do however have the option to "Opt Out" by completing and returning the SIPSafe Opt Out Form no later than 31<sup>st</sup> May 2019**
